

Eastern People Meet Old Friends at our Store
In U. M. C. Factory Loaded Shotgun Shells.

These shells are used by a large percentage of the best shooters throughout the east. They are absolutely guaranteed.

We carry the Arrow and Nitro Club loads both in stock, in a great variety of loads, all sizes shot from 4 to 8.

Our hand loaded shells have less recoil, on account of being freshly loaded to your order, soft wadding; we use nothing but fresh shells, wads and powder, and the best eastern chilled shot.

If you want to rent a gun, or find out where to go for quail, doves, rabbits, ducks, etc., call and see us.

THE BATTLE BEGINS
END NOT VISIBLE

Unlikely That Mine Assessment Cases Will be Disposed of at This Meeting of the Supreme Court

Jurisdiction of Territorial Board of Equalization Brought up Yesterday on Demurrer to Copper Queen Application for Writ of Certiorari.

It is altogether unlikely that the matter of the raise of the assessments of the patented mines of the territory will be disposed of at the present meeting of the supreme court, which was convened yesterday morning. The application for a writ of certiorari, in the case of the Copper Queen Consolidated Mining company is under consideration and the argument on it is only half finished. As the court will only remain in session today and as there are opinions to be handed down in cases heard at the previous meeting of the court, there will be no time left for the hearing of the mandamus suits filed by the territory against the boards of supervisors of the counties of Graham, Santa Cruz, Mohave and Yavapai.

On account of the delayed train from the south, the court was not convened until after 11 o'clock. Associate Justice Nave took the oath of office and was seated, and the next proceeding was the admission of Judge Nave's predecessor, Judge Eugene A. Tucker to practice. This was a sequence of events which old lawyers said they believed was without parallel in the courts of this country.

The first proceeding of the day was a motion permitting the recall of the remittitur in the case of Griswold vs. the United States, for correction. The motion was allowed. In this matter the appellant, who had been the postmaster at Nogales, had been the victim of a robbery by a conspiracy between a Mexican boy who is now in the Colorado reform school and a Mexican who is now in the penitentiary. A package of money was stolen from the post-office in the absence of the postmaster and his clerks and the government began suit against the postmaster on his bond. Judgment was rendered against him and the judgment was affirmed. There was an error in the

Don't Get Chilled

Have you seen the nickel plated **Eureka Range**

we give to the blushing couple who grace the first Territorial Fair, Dec. 4-9, with their wedding. It's here.

These cool mornings and evenings, somehow they feel even chillier than the real winter mornings we will have later. What's the use, anyway, of being uncomfortable, when it costs so little to put in one of those small airtight heaters, the kind you can get red hot in five minutes with a newspaper and two sticks of wood. We have that stove at

\$2.50, \$3.00 and up to \$13.75

They're built for Arizona winters and built to fit.
 Of course we carry a good line of the more pretentious stoves also, heavier built and higher priced.

distance ahead was another bridge, over the tramway. The stage ran into a bank beside it and the vehicle and team was overturned in the tramway, one horse being pinioned under the stage and three others being under the bridge. The gravel outfit went into the tramway on the other side of the bridge. The gravel wagon was straightened round and the two leaders who were safe in the road, were hitched to it in the places of the wheelers and the wagon continued toward the commissary. Then the rope that held the pulley to the brake bar came off and they ran away again going past the commissary and stopping themselves by running the wagon tongue into the brick wall of an adjoining building. In this act one of the mules suffered a broken nose.

The driver and one of the passengers jumped from the stage, neither passenger being injured beyond a shaking up. But the driver, Mr. Nash, had as mentioned above, one leg broken and the other very badly sprained. It was admitted however, that he did the best he could under the circumstances and no blame attaches to him.

Another wagon and driver were secured to do service as a stage outfit, and it is expected the mail and passengers will leave Roosevelt on time this morning.

 The Ladies' Guild of Peoria are making preparations for a sale of fancy and useful articles to be held at the first house just west of the postoffice on Saturday evening, Nov. 25. Every one invited.

There were yesterday registered as guests of the Hotel Adams: It. E. Sloan, Prescott; E. M. Doe, Flagstaff; C. W. Helmeier, Cincinnati; Fletcher M. Doan, Tombstone; G. Alfred Mayland and wife, Humboldt, Ariz.; F. S. Nave, Globe; P. P. Greer and wife, Clifton; J. H. Campbell, Tucson; J. W. Robinson, Baltimore; Charles C. Settler, New York; Peter C. Robinson and J. E. Ludy, Yuma; M. P. Freeman, Tucson and Charles Bowman, Tombstone.

Among the guests at the Ford hotel yesterday were: Maude Schley Hopkins, Mo.; Eva Avery, Birmingham; R. E. Livingston, Detroit; Chas. Harris, St. Louis; Mark Witzinski, Seattle, and G. A. Fisher, Yuma.

Barney Smith of Prescott arrived in the city yesterday morning and will spend several days in the city.
 Benton Dick, district attorney for Pima county spent yesterday in the city.

Colds

A cold is always the result of undue exposure to low temperatures. The rapid cooling of the surface, when not balanced by proper reaction, produces the congestion and inflammation of the nasal and bronchial membranes, commonly called a cold. As the slightest cold predisposes the individual to attacks of the most severe and dangerous character, the necessity for its quick cure need not be emphasized. Take

Chamberlain's Cough Remedy

as soon as the first indication of the cold appears and all dangerous results will be avoided. It not only cures a cold quickly but counteracts any tendency of a cold to result in pneumonia. This fact has been fully proven during the epidemics of colds and grip of the past few years. No case of either of these diseases having resulted in pneumonia when this remedy was used, has ever been reported to the manufacturers or come to their notice, which shows conclusively that it is not only the best and quickest cure for a cold, but a certain preventive of that dangerous disease—pneumonia.

There is no danger in giving this remedy to children as it contains no opium or other harmful drug. It is pleasant to take.

Price, 25c; Large Size, 50c.
